Health Strategist · Learning Researcher · Program Leader

Miami, Florida | troth.brianjonathan@gmail.com | linkedin.com/in/brian-jonathan-troth | brianjonathantroth.github.io

---

## PROFESSIONAL SUMMARY

Researcher, strategist, and educator with 15+ years translating complex ideas into programs, content, and learning experiences that change behavior. PhD in medical humanities with a research focus on HIV/AIDS, health equity, and public health communication — combined with deep practical experience in curriculum design, professional development, DEI strategy, and technology adoption. Published in peer-reviewed journals, trained 200+ faculty on AI integration, and delivered measurable outcomes across health, education, and nonprofit contexts. Drawn to organizations where research informs strategy and content has stakes. Multilingual: English and French (fluent), Spanish, German, Dutch (working proficiency).

---

## EXPERIENCE

### The Rights Factory

Toronto, Ontario

Author — Represented by The Rights Factory (Claire Cavanagh)

Dec 2025–Present

- *The Meat Market*, a mixed-methods study on MSM behavior, masculinity, digital subcultures, and health risk — bridging medical humanities, popular culture, and public health.

### Dublin City Schools

Dublin, Ohio

Learning Experience Designer & Technology Lead

2019–Present

DEI & Inclusion Manager (Additional Role)

2020–Present

Education Abroad Programs Manager (Additional Role)

2019–Present

- Designed and delivered AI literacy training for 200+ faculty across blended and digital modalities; used iterative mixed-methods feedback to improve relevance and reduce Help Desk friction
- Led DEI research program across 9 campuses; transformed behavioral, survey, and enrollment data into district-wide PD redesigns — improving belonging scores by 19%
- Generated \$200K in revenue leading a 7-person team designing and executing international learning programs; established sustainable partnerships abroad
- Secured grant funding and scaled a STEM digital design program from 1 pilot campus to 9 schools

### Synopsis: A Health Humanities Journal

Freelance

Writer, Researcher & Editor

Aug 2019–Present

- Published public-facing articles on HIV/AIDS stigma and health equity reaching thousands of readers

- Co-founded a collaborative research partnership between OSU and University of Michigan; presented at international medical humanities conferences
- Mentored 2-3 early-career contributors annually through topic development, editorial process, and CMS publishing

## The Ohio State University

Columbus, Ohio

PhD Researcher, Medical Humanities (HIV/AIDS)

Aug 2014-Aug 2019

Adjunct French Instructor

Aug 2019-Dec 2020

- Conducted 50+ in-depth qualitative interviews on HIV/AIDS risk perception in France; translated findings into 7 peer-reviewed articles (~39,000 estimated readers) and a 200-page dissertation
- Launched a multi-university symposium for 100+ participants through strategic hospital and community partnerships
- Managed full IRB protocols for sensitive populations with 100% data integrity and ethical compliance
- Achieved 95% training satisfaction rate using survey data to refine content for attendees from 20+ departments

## Cuyahoga Falls City Schools

Cuyahoga Falls, Ohio

Instructor & Human Services Academy Consultant

Aug 2012-Aug 2014

- Doubled French program enrollment from 100 to 200 students through travel programs and community outreach
- Increased program engagement and retention by 50% by adapting curriculum to community needs and interests

---

## EDUCATION

### Doctor of Philosophy (PhD), Medical Humanities
